## Congregational Needs Survey

To the membership of  
 From Pastor

Church

For some time now, there has been a growing conviction our present facilities are inadequate in many areas for our present size and in no way capable of handling growth for the future. In some areas, the time is upon us to correct problems long neglected. No building project can succeed, however, unless the hearts and minds of the congregation are behind it. I desire to know your mind on this subject.

To this end, the following survey has been prepared. It has been divided into several areas for I wish to know not only your mind, but your vision and your heart. When the surveys have been collected, a second survey will be used to prioritize needs brought to light by these initial responses.
